[Birmingham View](#) editor in chief (and frequent Terminal contributor) Vickii Howell announced the creation of a [virtual news portal](#) in her monthly e-newsletter yesterday. This new addition to [the publication's website](#) will allow for her to post stories as they happen that would otherwise not be able to appear on her television show or in the print edition. It also provide links to other sites that provide daily content, including a certain hub.

[Head on over](#) and check it out.
