

North Birmingham is the second of three commercial revitalization districts being focused on by [Main Street Birmingham](#) with their **Blooms for BEACON** program.

This image shows employees from [ACIPCO](#) placing a piece of cut pipe into position along 27th Street North in the district. The local pipe company donated more than \$3,000 worth of product for the beautification project.

The cut pipes will be used as planters that will hold annuals cared for by area merchants.

The program is [already underway in the city's Woodlawn neighborhood](#), with plans to expand to Avondale in the near future.
