

[City Stages](#) formally [announced part of their 2008 lineup via The Birmingham News](#) as a front page article in Sunday's (today's) paper. This list includes a couple of big names - like [Diana Ross](#) and [The Flaming Lips](#).

Looks like we were correct in identifying two of this year's acts , [The Roots](#) (March 18) and [Old Crow Medicine Show](#) (yesterday). The News was able to figure out a couple of them as well (and a lot earlier than we were - see the Old Crow post to find links to those posts).

You'll have to run out and get a paper, at least if you want to look at the complete line-up since the festival's website is [currently listing the performers for the Dance Depot](#). Though if you take a closer look at the image currently on [their front page](#), you can get a glimpse of what's to come.

Or just [view this partial list of the 44 acts](#) currently available on al.com.

We're assuming that the lineup will become available online later today.

NOTE: We will most likely not be able to update this post with current information from 10:20 a.m. until 1 p.m. today. We will be conducting maintenance on the site.
