

More than 20 organizations are taking part in the first ever [YP expo](#) (*webpage for event*), an opportunity for our region's young professional community to find out all of the different ways to get involved in our community. It also provides an opportunity for people to see the amount that these individuals care about making their city better than ever. The new event will take place in the city's new Innovation Depot, the former Sears building. Music for the evening will be provided by [The Spots](#).

It's free to attend, but so they have an idea of how many to expect, RSVP to <http://www.evite.com/app/publicUrl/alison516@aol.com/YPExpo> or [send an e-mail to Alison Howell](#) of the Regional Chamber of Commerce. It's a great way to start what promises to be a busy weekend.
