

UPDATE, 3:45 p.m., 7.23.2008: Word's come in from Scott Register himself that [Reg's Coffee House](#) will be broadcasting from 100.5 FM beginning this Sunday, July 27. **Spread the word!**

If you haven't figured it out, [WJOX](#) has shifted its FM frequency to the spot formerly occupied by **Y94.5 FM**. While the site had not been completely redirected as of yet, the sports station's website has already been rebranded complete with a redesigned station logo. We're still not quite sure what's going to happen to [the frequency that once housed The X](#); it appears that they don't know either as tuning your radio to the station (if you still do that) points you to a spot where signals sound like they're crossed right now.
