

Considering all of the recent talk about rising gas prices and getting from point A to point B, especially after this weekend's panic, we thought you'd want to check out this page. [This results page gives details](#) about driving from Birmingham to Salem, OR, but [the site allows you to see just how much gas \(and money\) it would take for you to get pretty much anywhere you're headed](#). It could come in handy, especially when the holiday season starts up.
