

Residents and supporters of Five Points South put up a good fight, but ultimately the ZBA decided in a 4-2 vote Thursday to approve the variances for a CVS drug store to be built at 1312-1324 & 1330 11th Ave South and 14th Street. This means three apartment buildings will have to be demolished. Neighborhood association president Gary Bostany says the association is now looking into their options to appeal the decision, but right now they just aren't sure.
