

The local chapter of [Alabama Power's](#) Service Organization [announced its participation in the construction of a new Habitat for Humanity home](#) in Birmingham's [Wylam](#) community to start this Saturday, May 1.

[The press release](#) points out that the new home will be built to [LEED](#) standards by the organization's Magic City chapter and other partners in less than one week.

[Habitat for Humanity of Greater Birmingham](#) has been extremely busy recently. The photo above shows a home completed earlier this year in Birmingham's East Lake community. [The list of current build projects is available on the organization's website.](#)
