

Are you interested in seeing if [coworking](#) is right for you? Want to learn more about the options that currently exist in Birmingham, AL and the metropolitan area? Do you want to help us determine how or if coworking can fit into a vision of a physical home for *The Terminal*?

These and other questions will be the focus of [a meeting taking place tonight](#) in the Woodlawn neighborhood at [Woodrow Hall](#) (directions). We're teaming with [Main Street Birmingham](#) to host [this BYOB networking event](#) from 6-7:30 p.m. Networking starts at 6 p.m.; the program at 6:30 p.m.

This is a follow-up from [our coworking interest survey](#) from this spring (which we've re-opened for those who are now learning about it). [We've shared the results on a special section of the site](#) as well as [a video featuring some of coworking's pioneers](#) explaining exactly what it is that makes it different from just sharing office space.

We're looking forward to seeing some of you there tonight (or hearing from you [via the survey](#))!
