

FREE - t h e - HOPS

[Free The Hops](#) (FTH) shared earlier in the day Monday that [SB294](#) - the legislation supported by the organization that would change the 16 fluid oz. limit on beer sold in Alabama to 25.4 fluid oz. - [might be placed on the special order calendar for the Alabama State Senate](#) on Tuesday, February 21.

[A tweet was sent out earlier this evening by FTH](#) stating they'd confirmed it would be up for a vote.

The 25.4 number was chosen by FTH because "it would allow for 22 oz. and 750 mL bottle sizes - the two most common bottle sizes for high-end specialty beers" to be sold in the state.

The "Gourmet Bottle Bill" has also been submitted to the Alabama State House of Representatives as [HB264](#).
