

The Greencup Book, Zine, Music and Arts Fair gets birthed this weekend, November 14 & 15, courtesy of [Greencup Books](#), [Bare Hands Gallery](#) and [THE2NDHAND](#). It will be a one-stop shop for folks to find local and regional writers, lit magazines, small presses, comic artists, area record labels and bands, zine makers and handmade book artists. The fun takes place on Southside ([directions](#)). There will be info tables telling you about the local zines and music sources as well as readings from area authors and of course, music. Friday night's welcome party/meet & greet will include a reading courtesy of THE2NDHAND. Saturday's events include an after party at Greencup Books.
