TWENTY THREE

"Cleaning Up 23 Communities in 23 Days!"

STARTING
November 26, 2007

This **Citizens' First Initiative** will begin with Trash and Brush Crews strategically removing trash and debris from public Rights-of-Way.

The second wave will provide for the full and comprehensive deployment of the Horticulture Crews and equipment to address all necessary clean-up.

The final wave will consist of smaller Trash and Brush crews to clean up debris cut by the second wave.

Once complete, the process starts over!

This schedule has been developed to take advantage of city geography to allow crews seamless movement from one neighborhood to the next to reduce time, and the use of fuel and maintenance resources. The communities are arranged in a geographic order, not alphabetic.
